Campaign and registrations

There is a maximum of 12 teams for the Cup and a minimum of 6 must be registered for it. The day and hence the game plan is organized so that holders get the most playing time and everyone is played against everyone if possible within the available time. So both all against everyone and the pool structure is an option depending on the entries.

Open for Non-Danish teams.

Rules & Participation - A summary

The level of Amagercup has risen gradually over the past few years. There are also the conditions for participation as well. The participating teams should not be candidates for the country's best uv-rugby tournament. So we aim for teams and players outside the elite level / national team level, but as the last couple of years, we approve that a of few such key players have participate anyway. If you are in doubt ask us if you have to attend - then we'll take a look at the case! Female players and U21 players are, however, exempt.

- There is no team meeting. Instead, important points are sent together with the schedule 1 week before the Cup. Also follow the facebook group.

- Mix teams may participate (join players from several clubs - but only play for one team on the day).

- If a team consists exclusively of female players, the opponents must have max. be 5 players in the water (except for another women's team).

Amager Cup 2019

- There are international rules, with these exceptions
 - o reduced playing time (depending on the match schedule)
 - o no timeout
 - o sudden death occurs with 3 players in the water (if there is a need for winners in the matches)
 - o Only equipment is checked once per team / player (first match)
 - o If the time is short, it is possible that a sentenced penalty automatically gives a target (so the schedule does not go).
- If a team is not ready for a match, the team loses 0-5. There is no time for extinction.
- IMPORTANT - The following behavior will result in immediate exclusion from the Cuppen
 - o DO NOT use soap, vaseline or anything else for the feet in the fins.
 - o No children or family members may use the facilities (pool).
 - o Food must be consumed exclusively in the marketed areas, for example in the porch.
 - o Failure to wash after using WC / Toilet.

eating

Since the Cup is held on a Saturday this time there is a communal meal. The dinner will be buffet at a very good price. This takes place 5-10 minutes from the swimming pool and approx. 15 minutes after the last match. We aim for dinner starting from 20.15 till 20.30, while precise times come with the schedule.

Registration & Payment

It costs 1,250.00.- DKK per team. We have gone away from taking the deposit.

Note: For internal reasons, we have chosen to increase this participation fee, and although we know it is a percentage change, it now gives us money to pay some judges and more.

The amount will be paid into account: Reg. 2105 Account 3492 959 382. Remember the team name of the transfer.

However, the Swedish teams can pay in cash on arrival at the Cuppen.

For dining only the number of participants must be registered for a table order. It is payable individually at dinner.

When registering for a cup and for dinner, send the following information to bonjekhertz@gmail.com

Amager Cup 2019

- 1) team name
- 2) Contact Person and Contact Information (Email Address and Mobile Number)
- 3) Number of participants for dining (participants pay themselves at dinner)
- 4) Would you like to send someone on a judge course during the day?

Last registration (and corresponding transfer received for both Cup and Dining) is dated 10 March - 2018. There can be max. join 12 teams at the competition and there must be at least 6 teams registered on 10 March, otherwise the competition will be canceled and the money will be returned.

Priority of registrations

Registration of entries is in the order in which the amount is received on account - the first come first served principle. With the exception of we prefer full / full teams, as unfortunately we have had experience with teams that last of the day only put 5-7 men.

Remember the trophy “svenskToppen” as it is a perpetual trophy!
